How It Works

?

Consultation

Your fitter will present and describe all of the color, nipple, areola, and fit options available. She will also schedule your personal scan session.

3D

Personal Scan Session

ABC's proprietary iPad app uses state-of-the-art 3D scanning technology for superior accuracy.

✓

Final Fitting

Your fitter will expertly fit your prosthesis, review care and warranty information, and answer any questions.

Made with 100% medical-grade silicone.

Real Stories. Real Results.

Testimonials

"I have rippling from my surgery, and it fits in the rippling like a puzzle piece. It just blends with my skin well, it's soft, and feels very natural to me."

-Lillian

"I prefer the ABC Custom Prosthesis. The color of it matched my skin tone, even the nipple matched perfectly. Everything is just like my natural breast."

-Lillie

"The prostheses contour to the right spots against my chestwall. They're like a puzzle piece. . . they just fit perfectly."

-Jennifer

"The custom breast prostheses gave me comfort, the symmetry was just right, and they feel more natural. . . It's an excellent alternative to reconstruction."

-Dale

All of our breast forms are handcrafted with care in the USA.
