## A NOTE FROM CHELSIE

As we step into March, we are reminded that this month represents renewal, growth, and fresh beginnings. Just as spring begins to unfold, so does the continued impact of your service. Each hour you give, each smile you offer, and each act of kindness you extend helps our hospital and community grow stronger.

March is also a meaningful month for reflection and gratitude. This month, **we invite you to join us in recognizing our wonderful physicians during Doctor's Day, March 30!**

This day is recognized across the country to honor physicians for their dedication, skill, and unwavering commitment to caring for patients and advancing healthcare. Our doctors play a vital role in the lives of individuals and communities, and this day gives us the opportunity to pause and express our sincere appreciation.

As volunteers, you often serve as some of the best stewards and ambassadors for our health system. Your individual encouragement and gratitude carry tremendous weight. We invite you to join us in celebrating and giving back to the physicians who care so deeply and faithfully for others in and around our community.

*"Whatever you do, work at it with all your heart, as working for the Lord."*

*-Colossians 3:23*

Thank you for serving with such dedication and heart. We are so thankful for each of you and the light you bring to those around you.

*-Chelsie*
